Family Resource Centre
& School District #73

Thursday, April 25th, 2013

Details...

Who should attend?
*Parents, Caregivers, Foster Parents,
Professionals, anyone interested in
learning about how experience
influences the brain*

Location:
The Henry Grube Centre

*245 Kitchener Crescent
Kamloops, BC V2B 1B9*

When:
*Thursday, April 25th, 2013
7:00 pm - 9:00 pm*

Cost:
Donation to the food bank

No registration required

Presented By:

Stepping Stones Counselling Group

*Deanne Leung M.Ed., R.C.C.
& Jody Bekhuys M.Ed., R.C.C.*

How Brain Development is Affected by Experiences

This 2 hour presentation will provide an overview of how experience affects brain development and learning abilities. What happens to the brain when a child's experience includes trauma or attachment challenges?

**This will be a review for anyone who has attended a Bruce Perry Workshop.*

***Attending this presentation **is recommended** for anyone who plans to attend the Preschool or School-Age 1-day workshop if they have NOT attended a previous Bruce Perry workshop.*

A "How To" Workshop for Teachers and Other Professionals Who Work With School-Age Children

Come and learn about how you can support improved self regulation in individual children and classrooms by targeting specific areas of the brain.

Better regulation means the brain is better able to learn. Find out how to help students be set up for more success.

If you have not attended a Bruce Perry workshop in the past, it is **recommended that participants in this workshop attend the free 2 hour community presentation at the Henry Grube Centre from 7:00 pm - 9:00 pm on April 25th, 2013. (no registration required)*
